Essential Questions:	What happens when we mix oil pastels and watercolor? How can we use letters to create a work of art? What kinds of marks or lines can we make with different materials? How do artists use play and imagination when they make art?	What happens when we mix oil pastels and watercolor? How can we use letters to create a work of art? What kinds of marks or lines can we make with different materials? How do artists use play and imagination when they make art?	How can we use different materials like oil pastels, watercolor, and salt to create texture in our art? What do we notice about the way Claude Monet painted nature? How can we give kind and helpful feedback to a classmate about their art?	How can we use different materials like oil pastels, watercolor, and salt to create texture in our art? What do we notice about the way Claude Monet painted nature? How can we give kind and helpful feedback to a classmate about their art?	How do oil pastels and watercolor work together in one picture? How can we use line, shape, and color to draw a tiger lily? What choices can we make to make our flower look realistic or expressive? How can we describe and reflect on our own and others' artwork?	What is the difference between a flat shape and a form? How can color, shading, and highlights make an object look 3D? How can the background affect how the object stands out?	How can shading and color make animals look 3D? How does the background affect the subject? What materials can I use to show form?

Teacher Tasks:	Make an alpabet soup demo. Put images ofingredients and their letters into a pot. Pull out alphabet soup art example. Lead closing circle after completion - whats your favorite letter/ingredient in alphabet soup?	Make an alpabet soup demo. Put images ofingredients and their letters into a pot. Pull out alphabet soup art example. Lead closing circle after completion - whats your favorite letter/ingredient in alphabet soup?	Lead students through a live draw-along of Monet-inspired lily pads and background using oil pastels. Demonstrate watercolor and salt techniques, and guide students in experimenting with the materials. Facilitate a student reflection and mini critique, supporting kind and thoughtful peer feedback.
